IMA Provider Access 24/7

You can reach a provider after hours, on weekends, and holidays for urgent symptoms. Call your clinic phone number after regular business hours and a live agent will assist you as needed.

Just Come In!

If you are experiencing any non-life-threatening symptoms, call or stop by our clinics to be seen today by an IMA provider. Whether you feel a sore throat coming on or experiencing some pain, let us treat you first!

When to go to the Emergency Room?

Rush to the ER if you encounter:

-  Chest pain
-  Severe abdominal pain
-  Coughing up blood or vomiting blood
-  Severe burns
-  Broken bones
-  Deep cuts or bleeding that won't stop
-  Difficulty breathing or shortness of breath
-  Sudden blurred vision, dizziness, weakness, or loss of balance
-  Sudden severe headache
-  Difficulty speaking or slurred speech
-  Seizures
-  Thoughts of harm or suicide
